ILA Members,

At the ILA National Executive Board meeting July 18, 2011, it was decided to have one centralized billing for all chapters and memberships starting January 2012. This centralized billing would be handled by the current ILA National Treasurer. The National Treasurer will be responsible for mailing out all membership renewals and collecting all the renewal for the 2012 fiscal year. As the National Treasurer, I have mailed out all Associate, Regular, and Corporate Individual membership renewals for the 2012 fiscal year on October 31, 2011. You should be receiving your two part membership renewal form by mail in the next two weeks if your membership is due this fiscal year. The top portion of the form is your receipt, and the bottom portion of the form is to be returned with your payment with any updated changes to your information so we have your current information on file.

Please contact me if you need assistance or have any questions.

Thank you,
Kurt Kloeckner, CJIL, TCPL
ILA National Treasurer & Membership Chairman
